

# MAKE YOUR OWN EASTER CARDS

YOU WILL NEED... • Poundland Easter Card craft kit • Glue

There are five different card designs to make.

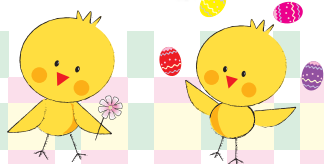

**Step 1:** Take the front and back cover for one of the cards and use the pink ribbon to tie them together.

**Step 2:** Pick your favourite character. You can use the back of the packaging to see how to make each card correctly.

**Step 3:** Leave each card to dry. You will now be able to insert a folded piece of paper and glue to be able to write your message.
