

MAKE YOUR OWN BUNNY HAT

YOU WILL NEED... • Poundland Bunny Hat craft kit • Scissors
• Black colouring pen or crayon

Step 1: Take the two blue strips and bend one of tabs inward and the other outwards on both strips.

Step 2: Glue the tabs into position around the inside of the brim, overlapping the two strips and leave to dry.

Step 3: Glue the small circle and rabbit ears to the top of the hat and leave to dry.

Step 4: Cut the insides of the rabbit ears from the card and glue to the white ears.

Step 5: Cut the small piece of white card, 1.5cm deep, from one end of the white card and set aside. These will make the bunny whiskers.

Step 6: Prepare the rabbit teeth. On the opposite side of the hat to the ears place the rabbit teeth in position. Fold the teeth down as shown.

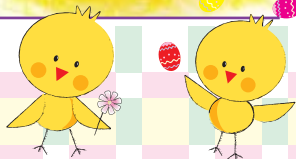

Step 7: Glue the pom-pom cheeks in to position above the teeth and add the pom-pom nose on top of the cheeks. Attach the wobbly eyes either side of the nose.

Step 8: Colour the remaining white card set aside for the whiskers black with a colouring pen or crayon. Cut into 6 strips and add to the rabbits cheeks as whiskers.

Jazz up your hat with these fab products, including Easter chicks, Easter straw and pipe cleaners.
